QOREX

Experience the thrill of live gaming from the comfort your own electronic terminal with TCSJOHNHUXLEY's Qorex Electronic Gaming Solutions.

With a modular design, Qorex terminals can be networked and configured anywhere on the gaming floor, from as little as one electronic terminal to innovative carousel arrangements and large-scale stadium set ups. Qorex provides unlimited electronic gaming solutions for any casino floor.

See how Qorex can transform your gaming floor through a range of highly flexible configurations, signage and accessories.

Qorex Terminal

The Qorex terminal has an ergonomically designed cabinet featuring a widescreen 23" or 27" HD display. Qorex electronic gaming terminals can be configured to suit any casino requirement in terms of space and style.
