## Custom Themed Layouts

Drive players to your gaming tables and give them a reason to remember their casino experience with our custom themed layouts. Whether it is to promote an event such as Chinese New Year or even just to give your casino an exciting new look we can create the ideal custom layout to suit your requirements.

Our eye-catching table layouts can be fully customised to table sizes and designs making them the perfect playing surface for your customers and dealers.

## Striking Print Finishes

TCSJOHNHUXLEY layouts range offer a variety of different nap options, backing materials, and are available in different width sizes to suit all table game needs.

The **DELUXE** range is made from a high-quality polyester layout material and is plain backed with a soft nap, making it perfect for detailed graphical layouts. This range also has the benefit of a water-resistant coating.

The **ULTRA** range features a rubber backing with a flat nap, enhancing the durability of the material whilst delivering a colour richness and vibrancy. For quicker layout changes, there is a '**QUICK CHANGE ULTRA**' variant, which is the same material, but incorporates a Velcro backing to allow for a faster and easier turnaround on tabletops.

Finally, there is the **PREMIER** range with a luxurious soft velvet nap. This material is not only extremely durable, but also allows for striking colour retention and richness, as well as providing a luxurious and sophisticated finish to gaming tables.
