

HiLite Cosmos Display

HiLite Cosmos is a unique overhead sign incorporating high-intensity LEDs with eye-catching game information that allows players to clearly see game information directly from the table.

Features & Benefits

- Conical-shaped overhead sign that enables players to clearly see game information from their playing position
- Integrated LED illuminated panels displaying game states, winning results and trends
- Suitable for live TCSJOHNHUXLEY Sicbo and Roulette tables
- Connects to the centralised system providing fast accurate winning results in real-time
- Stunning high definition graphics providing a stunning centrepiece and attraction on the gaming floor
- Dimmable diffuser for LEDs
- Integrated dome camera for live camera feed of the wheel

HiLite Cosmos for Gaming Tables

HiLite Cosmos is a unique conical-shaped Winning Number Display exclusive to TCSJOHNHUXLEY, that can be used as a display directly over a gaming table. The shape of this sign allows players to clearly see the stages of the game whilst at a table and can also incorporate optional lighting and camera requirements providing a live camera feed of the wheel.

Fast Winning Number Results

The high-intensity LEDs show fast winning number results, vibrant and eye-catching animated game information, as well as attract modes. Furthermore, the stunning high-definition graphics on the sign provides a stunning centrepiece and attraction on the gaming floor, drawing players to the areas of play.
