

# KRE8 Layouts

Manufactured on polyester that allows for customisation, KRE8® Layouts enable casinos to create fully themed, photographic-quality tables.

All table games can utilise KRE8® table layouts without any restrictions on table sizes, or unsightly seams, making them the perfect playing surface for your customers and dealers.

## Features & Benefits

- Customise layouts with your logo, theme or full photographic images
- Fibre free hard wearing surface perfect for electronic products such as chipping and shuffling machines
- High definition digital printing process- for crisp imagery / logos and vibrant colours
- Superior promotional opportunities in an area where customers spend most of their time
- The Alpha KRE8 option features a high-grade liquid resistant coating (Europe Only)
- Full design, production and fulfilment service

## KRE8® Design

Cloths are available in 10 standard colours whilst the inner playing areas can be specifically matched to your desired colour. Alternative cloth colours are available, subject to a minimum order quantity.

With virtually unlimited scope in design, KRE8® layouts deliver greater impact with your players. KRE8® layouts offer the opportunity to support cost effective promotions directly on your gaming table surfaces.

The best quality raw materials and digital imaging processes ensure that layouts from TCSJOHNHUXLEY always look vibrant and give outstanding performance in the most demanding environments. Our advanced synthetic material is fibre free finish, making it extremely hard wearing.

## KRE8® Options

### BASIC OPTION

Choose your colour theme for two tone layouts and supply us with your corporate identity or logo.

### ADVANCED OPTION

Customise your layouts with your logo or any theme. We are happy to use any existing images or our in-house design service can create one for you.

### PHOTOGRAPHIC OPTION

The ultimate in designer layouts, Photographic quality printing allows you to run promotions, events or any themed image in full photographic colour.
