

HOW TO PLAY

TCSJOHNHUXLEY®

Fielder's Choice is a collection of three optional side bets for the standard game of Craps where players win if the dice total matches one of the designated values.

The available wagers are:

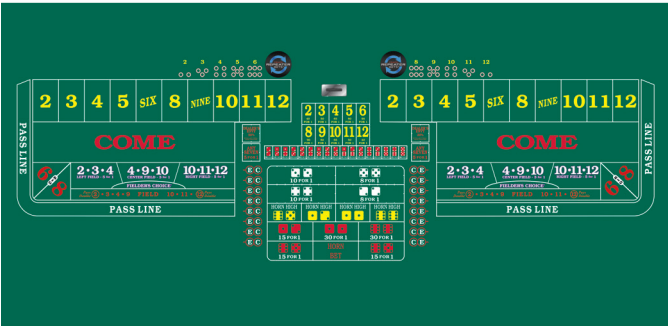

- Left Side of the table betting area or "Left Field"
- Middle of the table betting area or "Center Field"
- Right Side of the table betting area or "Right Field"

All Fielder's Choice wagers are available at every dice roll, and are resolved immediately after the dice roll, similar to standard Craps Field wagers. Each Fielder's Choice wager wins if the dice total matches one of the designated values, and loses otherwise.

Dealer Envy

To add to the thrill of the game the 'Dealer Envy' payout goes to the dealer when a player makes a successful Fielder's Choice wager. Dealer Envy pays are active for the Left Field and Right Field wagers, with 20% of the original wagers being paid to the Dealer on a win.

For example, if the player places a \$5 wager on the Left Field and wins, the dealer will receive \$1. Dealer Envy pays are not available for the Center Field wagers.

How To Play Fielder's Choice

1. To play, players make a Fielder's Choice side bet in the marked betting areas. Players can pick any or all of the three wagers – "Left Field" 2, 3, or 4, "Center Field" 4, 9 or 10 or "Right Field" 10, 11 or 12.
2. A player wins if the dice total matches one of the numbers in the wager placed. For example, if a player places a wager on 'Left Field' and rolls a 2, 3 or 4 using two six-sided dice then the player wins. The player loses if the dice total does not match any of these values or a seven is rolled.
3. The winning player is paid as stated in Pay Table 1. The 'Dealer Envy' payout also goes to the dealer when a player makes a successful Fielder's Choice wager as stated in Pay Table 1. Dealer Envy pays are not available for the Center Field wagers.
4. All Fielder's Choice wagers are available at every dice roll, and are resolved immediately after the dice roll.

Pay Table 1 - Fielder's Choice Pays

Wager	Winning Condition	Pay	Dealer Pays
Left Field	2, 3 or 4	5 for 1	20% of original Wager
Center Field	4, 9, or 10	3 for 1	N/A
Right Field	10, 11, or 12	5 for 1	20% of original Wager
