TCSJOHNHUXLEY®

Golden Frog Bacarat by Aruze Gaming Global is an exciting variation to the standard game of Bacarat with an array of side bet options for endless entertainment.

The game is played using six or eight standard decks of 52 cards and is comprised of various types of side wagers for Commission and No Commission games. This can be set up as either a standard Bacarat game with a 5% commission on Banker wager wins or as a commission free Bacarat game. Participation in Golden Frog Bacarat may require a base bet but this is dependent on the operator.

The rules for play for Golden Frog Bacarat are the same as regular Bacarat and includes the standard Player, Banker, and Tie wagers as well as new side wagers called Jin Chan 7, Koi 8, 3 Card 9 Over a 3 Card 1, Natural 9 Over 2 Card 7, and Any 8 Over Any 6.

Each hand is initially dealt two cards and may also have an additional card drawn. The rules for drawing additional cards are detailed below in Table 1.

Once all wagers are placed, the game is dealt following standard Bacarat rules and procedures. After the Bacarat hand is completed, all side wagers are resolved.

How To Play

1. To begin, each player may place the base game wagers and additionally place a wager on the following side bets:

- Jin Chan 7,
- Koi 8,
- 3 card 9 over a 3 card 1,
- Natural 9 over 2 card 7
- Any 8 over any 6 wagers.

(Licensee discretion to make base game wager mandatory).

2. Once all wagers are placed, the game is dealt following standard Baccarat rules and procedures.

Note: For no-commission Baccarat games, if the Banker hand totals 7 with three cards and is higher than the Player hand, all Banker wagers push.

3. After the Baccarat hand is completed, all side wagers are resolved as follows:

JIN CHAN 7

- If the Banker wins with a three card hand with a total of 7, the Jin Chan 7 wager pays **40 to 1**.

KOI 8

- If the Player wins a three card hand with a total of 8, the Koi 8 wager pays **25 to 1**.

3 CARD 9 over 3 CARD 1

- If a hand has a total of 9 comprised of three cards and the other has a total of 1 comprised of three cards, the 3 Card 9 Over a 3 Card 1 wager is paid **150 to 1**.

NATURAL 9 over 2 CARD 7

- If a hand has a total of 9 comprised of two cards and the other has a total of 7 comprised of two cards, the Natural 9 Over 2 Card 7 wager is paid **50 to 1**.

ANY 8 over ANY 6

- If a hand has a total of 8 and the other has a total of 6, the Any 8 Over Any 6 wager is paid **25 to 1**.

Table 1. Table of Play

When either the Banker or Player has a total of 8 or 9 after the initial cards are dealt, this is a "Natural" hand and no further cards are drawn.
